# BE PART OF THE CENTER FUND

A monumental move for us means monumental opportunities, and we need your help to make the exciting opportunities ahead of us a reality.

Our aim is to raise \$1 million for The Center Fund. Your contribution to BAF will fund exciting new programming at the Center, from comprehensive design workshops for youth through our Kids in Design initiatives to thought-provoking exhibitions.

Great ideas start by sharing. What legacy will your company build at Baltimore's newest design and architecture hub? Start with a corporate donation of support to ensure generations of Baltimoreans have access to collaborative and innovative education at The Center.
