

Baltimore Architecture Foundation

Groundhog Day Architecture Trivia Night Sponsorship Opportunities

BAF invites you to sponsor our virtual Groundhog Architecture Trivia Night. BAF holds a fundraiser each year on Groundhog Day to support programs like Doors Open Baltimore and Kids in Design. BAF continues to adapt to COVID-19 with virtual programs like our Virtual Histories Series. Your support is crucial this year as we begin another challenging year, while taking on new initiatives such as launching the SAY IT LOUD Maryland exhibition which will spotlight the works of minority architects and designers practicing in the state, and a major research project to document buildings designed by Maryland's early women architects for the National Register of Historic Places.

Sponsor at the "Know-It-All" level and get the opportunity to say a few words during our pregame toast!
